# The World's Simplest Guide to the Stock Market

*An introduction to companies, stocks, and making money from investing*

By Edward W. Ryan

Also by the  
same author:

*The World's Simplest Guide to the Stock Market* provides a crash course on the essentials of stocks and the stock market. This new book is the ideal first read for anyone new to stocks, but is also useful for someone looking for a refresher on the basics.

A new title from the author of *The World's Simplest Stock Picking Strategy*. In plain language the book gives clear answers to key questions such as:

- What is a company, how do companies grow, how do companies raise money, and how does a company go public?
- What is a stock, what causes stock prices to move, and what do investors experience when they own a stock?
- What are stock exchanges and how do they work, how do investors interact with exchanges, and what is an index?

Author Edward W. Ryan brings life to what can be complex and daunting topics. By drawing on his own experiences as both a personal investor and a professional in the investment industry, he provides real-world context that makes the material relatable and memorable.

# The Learning Game

*Teaching kids to think for themselves, embrace challenge, and love learning*

By Ana Lorena Fábrega

Ana Lorena Fábrega is an award-winning edupreneur, writer, and Chief Evangelist at Synthesis. Growing up, she attended 10 schools in seven different countries. She earned her BS in Childhood Education and Special Education from New York University and taught elementary school. Today, Ana writes a newsletter to nearly 200,000 readers about the promise of alternative education and has over 160,000 X followers @anafabrega11.

In *The Learning Game*, Fábrega maps the school lessons we need to unlearn and challenges us to rethink education: instead of telling kids what to believe, what if we helped them learn how to think for themselves? What if we encouraged them to take risks and tackle projects of their own?

The author considers how in the real world, the people who succeed are the ones who know how to teach themselves anything. *The Learning Game* will appeal to parents and anyone whose job involves helping others learn, including managers, consultants and people looking to master their craft, learn a new job skill, earn a promotion, or become an entrepreneur.

# Tune In

*How to make smarter decisions in a noisy world*

By Nuala Walsh

Your decisions matter more than you think. Despite popular belief, the most underestimated risk facing our generation is not economic, political, cyber or even climate risk. It's human decision risk. And it's rising. In today's noisy, fast-paced world, it's hard to hear what really matters – amplifying a rush to misjudgement. Behavioural scientist and award-winning Fortune-500 advisor, Nuala Walsh understands how to master the art of judgement. She explains why decision-makers tune out at milestone moments and champions an underestimated source of power, influence and relative advantage – tuning in to what matters when it matters most.

# Mastering the Mental Game of Trading

*Harnessing the power of the inner self to fuel trading outperformance*

By Steven Goldstein

The biggest hurdle in trading can be the trader's inability to take ideas based on sound analysis and trade them effectively in the financial markets. Far too often traders look back with regret at what they could have achieved if only they had done what they intended to do, and not what they actually did. This book is an exploration into the inner world of trading, and the inner reaches of the trader's mind, soul and heart. The book is based on the experience of the author who spent nearly a quarter of a century as a professional trader, plus over a decade coaching traders at many of the world's leading trading firms. Steven Goldstein is one of the leading coaches in the financial markets industry.

# The Geometry of Wealth

*How to shape a life of money and meaning*

By Brian Portnoy

How does money figure into a happy life? Behavioral finance expert Brian Portnoy delivers an inspired answer, building on the critical distinction between being rich and being wealthy.

While one is an unsatisfying treadmill, the other is the ability to underwrite a meaningful life, however one chooses to define that. Truly viewed, wealth is funded contentment.

In this accessible and entertaining book, Portnoy reveals that true wealth is achievable for many – including those who despair it is out of reach – but only in the context of a life in which purpose and practice are thoughtfully calibrated.
